Saving Your Design:

Confirmation of Saved Design:

The screenshot shows a Nike Team application interface. At the top, there is a red square with the Nike swoosh logo and the word "TEAM" below it. To the right are "SHOP" and "DESIGN" buttons. A navigation bar includes a cap icon, a dropdown menu set to "HAT", and a "SAVE DESIGN" button with a dropdown arrow.

A callout bubble in the upper right corner contains the text: "After saving your design, this pop up will appear to confirm the save. Please note that if this pop up does not appear, then the design did not save."

In the center, a "Yay!" notification box is displayed with the message "Design saved." A small "X" icon is in the top right corner of the box. Below the notification is a green and white baseball cap featuring a cartoon character on the front panel.

On the left side of the screen, there is a sidebar with the following options:

- Nike True Swoosh Flex Vapor [more]
- QUANTITY/SIZES: edit 18
- PRICE: breakdown
- ADD TO CART

Share Design:

The screenshot shows the Nike Team mobile application interface. At the top, there is a navigation bar with the Nike swoosh logo and the word "TEAM". On the right side of the bar are "SHOP" and "DESIGN" buttons. Below the bar, there is a large image of a cap. On the left side of the screen, there is a sidebar with a cap icon, a "BACK LOW" dropdown menu, an "ADD GRAPHIC" button, an "Embroidery Type" dropdown set to "Hi Density", and a checkbox for "Make background transparent". In the center, a modal window titled "SHARE DESIGN" is open. It contains fields for "YOUR EMAIL ADDRESS" (nike@paifashion.com), "EMAIL ADDRESS" (nike@paifashion.com), and a "COMMENT" field (Oregon Ducks Cap). At the bottom of the modal is a "SEND" button. A callout bubble in red text provides instructions about sharing designs if you're not a dealer. The main body of the app shows a quantity/sizes section with "18" and a "PRICE breakdown" section. At the bottom, there is a green "SHARE WITH DEALER" button with a plus sign icon.

If you are not a dealer, you cannot place an order. Sharing your order is a great solution if you are not a dealer. When sharing your design, you can select the 'Share with Dealer' button on left which will share your viewable design. The other way to share your design is by locating the 'Share Design' button in the right drop down menu which will share your editable design. When sharing your design, this pop up will appear. It allows you to enter your own email address and the email address you would like to send it to. Your quantities and sizes will carry over when sharing your design as well.

Share Design:

The image shows a screenshot of the Nike Team 3D Modeler Guide. At the top left is the Nike Team logo. At the top right are 'SHOP' and 'DESIGN' buttons. On the left, there's a '3D MODELER GUIDE (SAMPLE)' tab with a cap icon. In the center is a 3D model of a baseball cap featuring Donald Duck. The cap has a green brim and a white main body with a grey panel. Donald Duck is depicted in his signature yellow and green colors, wearing a small green cap with a yellow 'O'. A Nike swoosh is visible on the side of the cap. To the right of the cap is a vertical zoom control with '+' and '-' buttons. In the bottom right corner of the main window, there's a small black and white square icon.

You can share your design as a viewable link as shown or as an
editable link. This is what the viewable link looks like:
<http://nike.teamheadwear.com/design/view/7816>
To make this link editable you can simply change the word 'view' to 'edit':
<http://nike.teamheadwear.com/design/edit/7816>

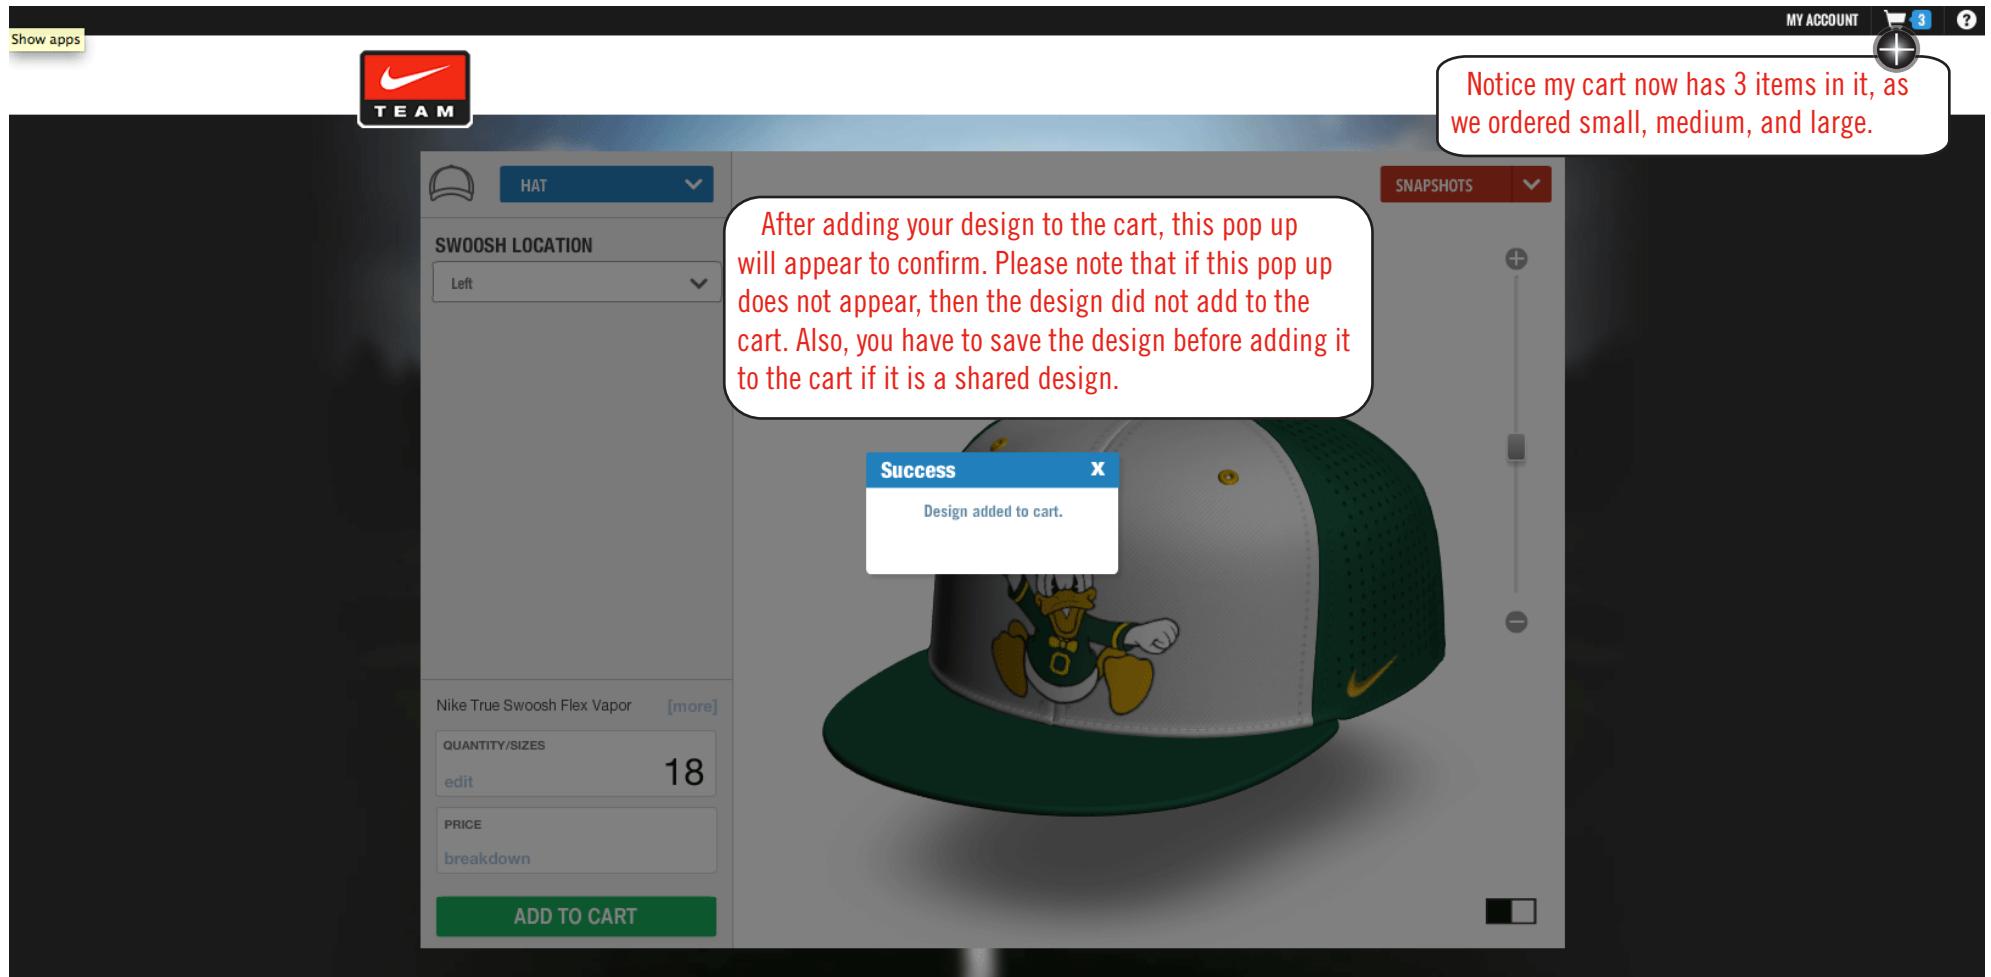

My Designs:

The screenshot shows the Nike Team 3D Modeler software interface. At the top left is the Nike Team logo. Top right buttons say "SHOP" and "DESIGN". A red callout box highlights the "HAT" button in a dropdown menu. Below the menu is a "SWOOSH LOCATION" dropdown set to "Left". A "BACK" button is to the right. On the left, there's a list of designs: "Nike True Swoosh Flex Vapor" (0 quantity, 0 price), and two "3D MODELER GUIDE (SAMPLE)" entries. An "edit" button is next to the first sample. At the bottom is a green "ADD TO CART" button.

By selecting the 'My Designs' button in the red drop down menu you can see your designs that you have created. In this menu you can delete designs.
